RECOMMENDATION

That the following recommendation be enacted.

Proposal

Program/Project Title: Improved Outdoor Lighting at Alma Community Center

Amount of City Funding Required: \$35,000

Fund Type (i.e. General Fund, C&C funds, etc.): General

This change is:

One-time Ongoing

Proposal Description, including anticipated outcomes (describe how change would affect services for San José residents, businesses, community groups, etc.):

The Alma Community Center is heavily utilized by District 7 residents and regularly by the Alma Neighborhood Association and Alma Seniors Association in the evenings. This location is setback considerably from the road and is often very dark in the evening. In the past residents have had their cars broken into, and have had fuel siphoned off, while inside the Community Center for meetings. A simple solution would be an additional exterior light on the building or in the parking lot in the Southwest Corner of the parking lot.

This funding would improve safety for seniors, children, and organizations who utilize the Alma Community Center.
