That the following recommendation be enacted.

Proposal

Program/Project Title: Responsible Landlord Engagement Initiative

Amount of City Funding Required: \$27,000

Fund Type (i.e. General Fund, C&C funds, etc.): General Fund

This change is:

One-time Ongoing

Proposal Description:

The \$27,000 described here is a part of a collective effort of the 10 council districts to request the same amount to expand the services of RLEI to help out the City Council tackle properties that have been neglected, run-down, and irresponsible in the context of a healthy neighborhood.

RLEI has proven success in its work history so far. They can only handle 10 cases at a time but this funding will expand their capabilities and their reach. They have a very high success rate in resolving mismanagement of properties and have a great rapport with neighborhood associations and council offices that have allied with them in the past.
