AND CERTAIN OTHER PERMITS

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF SAN JOSE:

SECTION 1. Section 13.32.020 of Chapter 13.32 of Title 13 of the San José Municipal
Code is amended to read as follows:

13.32.020 Definitions

Except where the context otherwise requires, the definitions contained in this Section
shall govern the construction of this Chapter:

A. "Certified arborist" means an individual who has demonstrated knowledge and
competency of arboriculture through the obtainment of an arborist certification
from the International Society of Arboriculture, or its successor organization if
that organization no longer exists, or who is a member of the American Society of
Consulting Arborists, or its successor organization if that organization no longer
exists.

B. "Dead tree" means a tree that is no longer alive, has been removed beyond
repair, or is in an advanced state of decline (where an insufficient amount of live
tissue, green leaves, limbs or branches exists to sustain life) and has been
determined to be in such a state by a certified arborist during a non-dormant or
other natural stage of the tree that would minimize the likelihood that the tree
would be mistakenly identified as being in such a dead state.

C. "Director" means the Director of Planning, Building and Code Enforcement of the
City of San José or such other person designated by the City Manager to
administer and enforce the provisions of this Chapter.

D. "Dripline" means the area around the base of a tree directly under the canopy
cover of the tree and extending out as far as the canopy.

E. "Live tree" means any tree that is not a dead tree.

F. "Ordinance tree" means a tree defined in this section hereinbelow and whose
removal or topping is covered by and subject to the provisions of this Chapter.

G. "Remove" means eliminate, take away, uproot or destroy. For purposes of this
Chapter, "remove" also means taking any action that reasonably and foreseeably
will lead to the death of a tree or to permanent significant damage to the health or
structural integrity of a tree. Such actions can include, without limitation and by
way of example, excessive pruning, cutting, girding, poisoning, or watering of a
tree; the unauthorized relocation or transportation of a tree; excessive
excavation, alteration, or grading of the soil within the dripline of a tree, or
excessively bruising, tearing or breaking the roots, bark, trunk or branches of a
tree.

H. "Topping" means cutting the branches of an ordinance tree in a manner that
destroys the existing symmetrical appearance or natural shape of the tree and
involves the removal of main lateral branches and leaving the trunk of the tree or
major branches of the tree with a stub appearance.
I. "Tree" means any live or dead woody perennial plant characterized by having a main stem or trunk which measures fifty-six (56) inches or more in circumference at a height of twenty-four (24) inches above natural grade slope. For purposes of this Chapter, a multi-trunk tree shall be considered a single tree and measurement of that tree shall include the sum of the circumference of the trunks of that tree at a height of twenty-four inches above natural grade slope. "Tree" shall include the plural of that term.

J. "Unsuitable Tree" means a live tree or dead tree on a lot that is used for a one-family dwelling as defined in Section 20.200.320, where the tree is not a heritage tree as defined in Section 13.32.140, a candidate for heritage tree status, or a palm tree in the Palm Haven Conservation Area and meets at least one of the following criteria:

1. The part of the tree trunk nearest to a one-family dwelling is five (5) feet or less from the nearest above-grade part of that one-family dwelling; or

2. The part of the tree trunk nearest to a below-grade utility pipe or line of a one-family dwelling is five (5) feet or less from the centerline of that below-grade utility pipe or below-grade utility line of a one-family dwelling; or

3. The tree belongs to a species that has been found by the City Council to be uniquely less compatible with the immediate environment because the species is invasive or non-native to the San José region or is susceptible to disease. Such tree species shall be placed on an Unsuitable Tree species list which shall be adopted by the City Council by resolution, which resolution may be amended from time to time to add or delete certain tree species.
SECTION 2. Chapter 13.32 of Title 13 of the San José Municipal Code is amended to add a new section, to be numbered, entitled and to read as follows:

13.32.041  Removal of Unsuitable Tree

It shall be unlawful for any person to remove, or cause to be removed, any Unsuitable Tree, as defined in Section 13.32.020, from any private parcel of land in the City unless a tree removal permit that allows the removal of that Unsuitable Tree has first been issued and accepted by the applicant pursuant to the provisions of this Chapter.

D. The Director shall not act upon any tree removal permit application until and unless the Director has first given the applicant, owners and occupants an opportunity to be heard thereon.
E. Notice of the time and place at which the applicant, owners and occupants may appear before the Director and be heard on the application shall be given by mailing the same to the applicant, postage prepaid at the address shown for such purposes on the application, to such owners postage prepaid at their last known address as the same appears upon the last equalized assessment rolls of the County of Santa Clara, and to such occupants postage prepaid at the address of the parcel on which the said tree or trees to be removed is or are located and at the address of the parcel directly across the public street which abuts such parcel on which said tree or trees is or are located. All such notices shall be mailed at least five (5) days before the date on which the applicant, owners and occupants will be heard.

C. The Director’s decision pursuant to this Section is an administrative determination and requires no hearing or notice.

application for a tree removal permit for live trees or dead trees that are not Unsuitable Trees pursuant to this Chapter.

SECTION 6. Section 13.32.100 of Chapter 13.32 of Title 13 of the San José Municipal Code is amended to read as follows:

13.32.100 Permit Findings

A. Neither the Director nor the Planning Commission on appeal shall issue a permit for the removal of any tree, other than an Unsuitable Tree, on any private parcel of land in the City unless the Director or the Commission on appeal makes at least one of the following findings:

1. That the tree affected is of a size, type and condition, and is in such a location in such surroundings, that its removal would not significantly frustrate the purposes of this Chapter as set forth in Section 13.32.010; or

2. That the location of the tree with respect to a proposed improvement unreasonably restricts the economic development of the parcel in question; or

3. That the condition of the tree with respect to disease, danger of falling, proximity to an existing or proposed structure, and/or interference with utility services, is such that preservation of the public health or safety requires its removal; or

B. In connection with an application to remove a dead tree, the Director or the Planning Commission on appeal shall consider whether the subject tree was in any way injured, removed or caused to be injured or removed by the applicant, in addition to the findings required to be set forth pursuant to the provisions hereinabove.
C. The Planning Director shall not issue a permit for the removal of an Unsuitable Tree on any private parcel of land in the City unless the Director finds that the tree is an Unsuitable Tree as defined in Section 13.32.200.

B. The Director or the Planning Commission on appeal, if applicable, may make any permit that they issue subject to such terms, provisions and conditions as they may deem reasonably necessary to secure the general purposes of this Chapter.

C. The Director or the Planning Commission on appeal, if applicable, shall impose as a condition on the issuance of any permit for the removal of any tree the requirement that a suitable replacement tree or trees as determined by the Director or the Planning Commission on appeal be or cause to be provided, installed and maintained by the permittee at no cost to the City.

D. The replacement tree requirement set forth in this Section shall be roughly proportionate to the tree replacement needed to alleviate and address the burdens and other impacts created by allowing the removal of the tree or trees under the permit, except that the Director or the Planning Commission on appeal may increase by a reasonable amount the number of replacement trees to be provided, installed and maintained by the permittee where it is specifically found
based upon evidence in the record that the permittee injured or removed or caused the injury or removal of a dead tree that is a subject of the permit without first obtaining a tree removal permit.

SECTION 8. Section 13.32.120 of Chapter 13.32 of Title 13 of the San José Municipal Code is amended to read as follows:

13.32.120 Appeal Procedures

A. Except for actions of the Director on Unsuitable Trees, any action of the Director may be appealed to the Planning Commission by the applicant or by any of the property owners or occupants of the parcels of land adjacent to or across the street from the property upon which the tree or trees proposed for removal are located. The person making the appeal shall do so by filing a written notice of appeal within ten (10) days after notice of such action is mailed to the applicant at the address shown for such purpose on his application and to such owners mentioned in Section 13.32.090 at their last known address as the same appears upon the last equalized assessment rolls of the County and to such occupants mentioned in Section 13.32.090 at the address of the parcel on which the tree or trees to be removed is or are located and at the address of the parcel directly across the public street which abuts such parcel on which said tree or trees is or are located.

B. Such notice of appeal shall be filed with the Director on a form furnished by the Director. The information and data required to be set forth in the form shall be as prescribed by the Director. The Director may refuse to accept any such notice of appeal unless the notice is signed and all data is set forth and shown as required by the form.

C. When such notice of appeal has been accepted and filed by the Director, within the time provided, the Director shall, subject to the applicable rules of the...
Planning Commission, set a date of hearing thereon by the Planning Commission and notify the Planning Commission of such setting. Such date of hearing shall be not less than fifteen (15) days nor more than thirty (30) days after the notice of appeal was accepted and filed.

D. The Director shall give notice of the hearing to the appellant or appellants, and the applicant, owners and occupants by mailing same at least five (5) days before the date set for hearing, to the appellant or appellants at the address shown for such purpose on his or their notice of appeal, and to the applicant, owners and occupants at the address to which the Director's action was mailed and said director shall also file with the Planning Commission at its hearing on appeal the application, notice of appeal, the action appealed from, and all other things filed with the Director in connection with the application.
