General Guidelines for Address Assignment

When construction of any new development is proposed, an addressing process is required to establish new addresses. New addresses are assigned consistent with the existing addresses and the city-wide numbering grid. Addresses are not assigned to vacant land when no work is proposed. If a building is being demolished the building address is retired and a new address assigned to the new development unless there is no change in use.

It is highly recommended to submit address request for large project concurrent with the Planning Division permit process. For smaller projects addressing requests can be submitted during the Building Division plan check process.

Once addresses are assigned an addressing notice is prepared and sent to our distribution list that includes the post office, county assessor, city departments, utility companies and emergency services.

Requirements:
- A completed Request for Address Assignment form. This form must be signed by the property owner, or his/her legal representative. A tenant cannot sign for a property owner.
- Site plan showing the property lines, building footprint and entrance to the building.
- Floor plans are required for changes in suite or unit numbering.
- Based on the scope of work, other supporting documents may be required.
- Failure to apply for the Address Assignment application may delay the issuance of Building Permit.

Changing existing addresses:
Because so many agencies and service providers are effected, we do not change existing address numbers based on their perceived beneficial properties and/or cultural preferences. Existing address numbers can only be changed for one of the following reasons:
- The existing address number is out of sequence with the adjacent addresses
- Entry change on a corner lot with building permits for a remodel
- You have documented difficulty receiving emergency services or mail delivery

Addressing Fees
- An addressing fee with a two-hour minimum ($320.00) will be assessed per request for the addressing process. The minimum fee is collected when the application is submitted.

Limitations
- Beginning in 1984, the City of San Jose ceased allowing alpha designations or hyphenations as part of the address. (For example 12A Elm St., 27-B Main St. or 100 Central Av., Unit A).
- Addresses are not assigned to empty lots or vacant land.
- Addresses will only be assigned when new development or alteration work is proposed.
- Multi-tenant buildings will have one street address with suite numbers for tenant spaces.
