OFFICE OF COUNCILMEMBER JOHNNY KHAMIS
SAN JOSE, DISTRICT 10

District 10 August Newsletter

Dear Neighbor,

I hope you had a wonderful July and found time to enjoy the summer sun! In my last newsletter, I highlighted the things my staff and I have accomplished over the past six months and outlined our goals moving forward. If you did not get a chance to read my Six Month Review, you can find it by clicking [here](#).

National Night Out

Now that August is upon us, the Council Office is back in full swing and busy with some very exciting upcoming events! The first is National Night Out on Tuesday, August 6th. For those of you who may be unfamiliar with National Night Out, it is held each year to promote involvement in crime prevention activities, police-community partnerships, neighborhood camaraderie and to send a message to criminals to let them know that our neighborhoods are organized and fighting back. We encourage you and your neighbors to spend some time outside, getting to know one another, and making your presence known in the neighborhood. If you'd like to learn more about hosting an event in your community [click here](#).

One event that I am particularly excited about is being held in the Hoffman-Via Monte Neighborhood. While District 10 is one of the safest districts in the City of San Jose, the Hoffman-Via Monte Community struggles with poverty and criminal activity. Since taking office, my staff has striven to establish fruitful working relationships with the landlords and tenants in the area, as well as the stakeholders around the neighborhood.

With that said, I am very pleased to say that the Hoffman-Via Monte National Night Out event was chosen as one of only four events nationwide to be sponsored by Target Corp. Target, along with Almaden Hills United Methodist Church, Second Harvest Food Bank, the South Valley YMCA, Cornerstone Church, Neighborhood Housing Services of Santa Clara County, and the District 10 Council Office, are hosting the event. In addition to a backpack giveaway for children in the neighborhood, attendees can expect bicycle training, face painting, folkloric

dancers, a DJ, Zumba lessons, and special emcees for the event, Sam and Lissa from the KBAY morning show. Target will also be presenting Mayor Chuck Reed and San Jose Police Chief Larry Esquivel with a donation check to support the SJPD's Crime Prevention Unit. If you live in or around the area, please feel free to join us for a great evening out!

Emergency Preparedness Training

Another event that I am looking forward to is our upcoming Emergency Preparedness Training. District 10 resident and Emergency Preparedness expert Alex Fraser has graciously offered to conduct one such meeting for the residents of District 10. This class will be limited to the first 30 people who RSVP, so please sign up soon! Topics to be covered will include earthquake preparation and reaction, 'go-bag' necessities, fire and flood preparedness, and other emergency situations. This is a special opportunity to prepare yourself and your loved ones for the many possible emergencies that can take place. This event will be held at the Almaden Community Center (6445 Camden Ave) on Saturday, August 24th, from 10:30am-12:00pm. To RSVP, email drew.spitzer@sanjoseca.gov with the names and contact information of those who wish to attend. Please keep RSVPs to a limit of two per household.

Almaden Expressway Beautification

A big thank you to all who joined my office in painting the Almaden Expressway sound walls near Redmond and Meridian! We heard many approving honks from passersby and a number of calls and emails of appreciation. I also want to thank Home Depot and Burnham Construction for their generous donations of supplies and labor! To learn more about the project, read [this article](#) from the Mercury News highlighting the day.

As we continue to beautify the area, I want to be sure to keep you informed of further developments with this project. In our numerous discussions with Supervisor Wasserman's office, we have learned that the County does not have the funds available to improve the landscaping along Almaden Expressway. As a result, we are looking to partner with the not-for-profit Our City Forest to install and maintain about 170 trees and shrubs along the Almaden Expressway corridor. The initial estimate for the cost of the installation and maintenance is around \$50,000. Landscaping improvements on County property require a 3-year commitment to the care and watering of the plantings. Please stay tuned for further developments, and donor or volunteer opportunities!

Via Valiente Shopping Center

I have heard from many Almaden residents about the Via Valiente Shopping Center which was once home to the PW Market. Neighbors have been concerned with the large unoccupied space that once housed the grocery store and the general condition of the property. I have reached out to the owner of Via Valiente a number of times since January to share your concerns. Just this week, I received word from the owners that they are commencing a major upgrade to the façade of the plaza; major parking lot repairs and more efficiently arranged and ADA-compliant handicapped parking spaces, among other things. In fact, they began construction on Monday! I am very happy that the property owners have made a significant commitment of their resources to improve this D10 property. This is a wonderful step in the right direction for the shopping center and I look forward to

future grand openings as they attract new tenants!

Crossing Guard at Parkview

In meeting with the community members around the Vista Park and Parkview neighborhoods, traffic safety was a huge concern, especially around Parkview Elementary School. After working closely with the Department of Transportation, I am pleased to say that Parkview has been approved for a Crossing Guard. In an effort to have the Guard in place when school starts in August, the San Jose Police Department is expediting the recruitment process. If you or someone you know is interested in the position, please [click here](#).

Measure B Trial

On July 22, the trial for the implementation of Measure B began. I attended some of the proceedings and was pleased by the strong arguments presented by the attorneys representing the City and the 70% of City voters who supported Measure B. A ruling is not expected until sometime in the fall, but in the meantime I am dedicated to continuing to implement Measure B's reforms, keeping costs under control, and finding creative ways to improve services without increasing costs to the city's taxpayers.

Violent Crime Down in San Jose

According to recent reports from the SJPD, there has been a drop in violent crime in San Jose. I want to sincerely thank the men and women of the SJPD for their tremendous efforts to improve the safety of our City. Because of their sacrifices in deferring vacations and working overtime, our city is now safer than it was last year. The District 10 Council Office is also committed to assisting in their efforts by supporting the opening of the South San Jose Police Substation and by giving the SJPD officers tools that they need, so that our officers can make more efficient use of their time and achieve increased response times. We have also worked to increase resources to the Crime Prevention Unit, facilitating surveillance workshops, attending Neighborhood Watch meetings and advocating for crime victims. Again, I want to extend my appreciation to our men and women in uniform for their hard work and dedication.

Again, I hope you are enjoying the summer sun and finding time to relax before school starts again. For those of you participating in National Night Out, have a safe and wonderful evening! If you have any questions about things you have read in this newsletter, please do not hesitate to contact my office at district10@sanjoseca.gov or call 408-535-4910. Sincerely,

Johnny

MARTIAL COTTLE PARK GROUNDBREAKING

Mark Aug. 9 on your calendar - ground will be broken to commence the creation of the Martial Cottle Park, a 257-acre parcel of undeveloped land in South San Jose that will become a living symbol of our valley's illustrious agrarian past. The 10 a.m. ceremony will be held at the corner of Chynoweth and Snell avenues.

The land was acquired by the Santa Clara County Department Parks and Recreation and the California State Parks through a donation from owner Walter Cottle Lester, who wanted to see his family's homestead preserved as a historic agriculture park, a reminder of the Santa Clara Valley's heritage before it became known as Silicon Valley. When finished, the park will feature trails, educational and interpretive programs, with recreational and visitor facilities. More than half the park will remain in production.
