

# Memorandum

**TO:** NEIGHBORHOOD SERVICES &  
EDUCATION COMMITTEE

**FROM:** Jacky Morales-Ferrand

**SUBJECT:** SEE BELOW

**DATE:** April 1, 2015

Approved

Date

4/1/15

**COUNCIL DISTRICT:** NA

**SUBJECT: 2015-20 HOUSING AND URBAN DEVELOPMENT (HUD)  
CONSOLIDATED PLAN UPDATE**

## RECOMMENDATION

Accept additional information on the 2015-20 Housing and Urban Development (HUD) Consolidated Plan as referred by the Neighborhood Services and Education Committee (NSE) at its February 12, meeting.

## BACKGROUND

Every five years, the federal Department of Housing and Urban Development (HUD) requires jurisdictions that receive federal funding to develop a Five-Year Consolidated Plan. The Consolidated Plan identifies priority needs, goals, actions, and funding strategies for the four federal housing and community programs – the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with Aids (HOPWA). Additionally, Annual Action Plans, that budget the federal funds received in accordance to the five-year funding strategy, are required to be approved each year.

In the fall of 2013, staff began the City's Consolidated Plan updated for the 2015-20 cycle. San José joined six other cities in Santa Clara County, as well as the County itself, in a regional consortium to develop the Plans in a comprehensive yet streamlined process. Another key goal was to understand housing and community development needs from a regional perspective, which could identify potential areas for regional collaboration in the future. The consortium selected LeSar Development Consultants (LDC) and MIG through a competitive selection process. Since the summer of 2014, LDC, MIG, and City staff have held several public meetings, conducted a survey on housing and community development needs, and developed a draft of the 2015-20 Consolidated Plan and FY 2015-16 Annual Action Plan based on public input, qualitative analysis, and quantitative analysis. A draft of the 2015-20 Consolidated Plan and the FY 2015-16 Annual Plan were made available on March 27, 2015

(<http://www.sanjoseca.gov/DocumentCenter/View/41708>) to begin the 30-day public comment period, with a HUD submittal deadline of May 15, 2015.

On February 12, 2015, staff provided the NSE Committee a report on the purpose and content of the 2015-20 Consolidated Plan and FY 2015-16 Annual Action Plan, as well as the community input activities that have informed the development of both Plans thus far. Staff also identified four goals – based on public input and analyses – that frame the City’s funding priorities. These are listed below.

- Increasing and preserving affordable housing opportunities.
- Responding to homelessness and its impact on the community.
- Strengthening neighborhoods.
- Promoting fair housing.

The NSE Committee unanimously approved the motion to accept the staff report and goals, with the request that staff return to the April 9 NSE meeting with additional detailed information.

Since the February 12 NSE Committee meeting, staff has identified project categories for the 2015-20 Consolidated Plan for each of the four priority goals. Staff also developed a funding strategy for the FY 2015-16 Annual Action Plan in alignment with these goals.

It is important to note that HUD is requiring all jurisdictions to migrate to an online Plan and reporting system called eCon Planning Suite: <https://www.hudexchange.info/consolidated-plan/econ-planning-suite>. Thus, in addition to developing the Plans, staff has spent significant time learning the system, how it functions, and how the various sections flow together. While much of the content remains the same, the format is quite different. LDC has facilitated staff’s education of and migration to the eCon Planning Suite, and will be providing support for preparation of the final electronic document to be submitted to HUD by the May 15 deadline.

## **ANALYSIS**

### ***San José Context***

Jurisdictions receiving federal funding are tasked with determining the areas of greatest need and the areas in which community investment can have the most impact given the limited resources available. The City of San José (City) is a large, diverse, and dynamic jurisdiction in transition. At a population of over 1,000,000, San José is the 10th largest city in the country and the 3<sup>rd</sup> largest in California, and is projected to add 400,000 residents by 2040. It is a minority-majority City, where one-third of its residents are Hispanic, one-third Asian/Pacific Islander, and one-third White. And where the City was once agricultural and predominantly suburban, San José is now the Capital of Silicon Valley and seeks to urbanize into the economic and cultural center of the South Bay Area. Already, some of the largest multinational technology companies call San José home, as well as many academic and cultural institutions.

San José is also one of the most expensive places in the country in which to live, with the median housing price at \$850,000 and the average new one-bedroom apartment costing \$2,500 to \$2,800 a month. Additionally, despite a strong economy that has produced many high-wage jobs, it has also produced many low-skill, low-wage jobs while middle-wage jobs have declined. According to the California Employment Development Department, the trend of bifurcated job growth is expected to continue for several more years. And although the City is one of the most diverse in the country, its lower-income communities are primarily concentrated in San José's East Side and Central industrial area that lack access to jobs, housing, infrastructure, and other resources and investments that other communities may have. These disparities in incomes, resources, and access provide the context for the needs identified through the public input process.

### *Findings of Need*

As noted at the February 12, 2015 NSE Committee meeting, multiple community needs forums were held and a region-wide survey was distributed to seek public input on housing and community development needs. Staff received a wide range of input, ranging from needs for: community facilities and services; economic development; affordable housing for families, special needs, and the homelessness; neighborhood investments and services; and improved infrastructure and transit connectivity. The summary of the community needs forum is available on the Housing Department's website here: <http://www.sanjoseca.gov/index.aspx?nid=1291>.

In addition to public input, analyses of housing data finds that a significant number of San José's households experience housing challenges, including high housing cost burden (spending more than 30 percent or 50 percent of household income on housing costs), the lack of completed kitchen or plumbing facilities, and overcrowding. The need for special needs housing, including for the homeless, seniors, and the most vulnerable, greatly exceed supply.

### *Proposed 2015-20 Consolidated Plan Goals & Project Categories*

To adequately address community needs, the City has identified the areas that could benefit most from the four HUD programs. Based on public input, data and analysis, and City priorities, staff proposes the following project categories for these goals.

- Goal: Increasing and preserving affordable housing opportunities.
  - Development of new affordable rental apartments.
  - Acquisition/Rehabilitation of affordable rental apartments.
  - Acquisition/Rehabilitation of affordable homeowner housing.
  - Rental assistance/Rapid Rehousing for low-income households.
  
- Goal: Responding to homelessness and its impacts on the community.
  - Housing for homeless families and individuals.
  - Rental assistance/Rapid Rehousing for homeless and at-risk populations.
  - Street outreach services for unhoused populations.
  - Homelessness prevention activities.

- Goal: Strengthening neighborhoods.
  - Services for low-income and special needs populations.
  - Public facility or infrastructure improvements.
  - Targeted code enforcement.
  - Homeowner housing repair.
  - Jobs creation/retention for low- and moderate-income individuals.
  
- Goal: Promoting fair housing.
  - Outreach, education, testing, enforcement, and technical assistance services to ensure equal access to housing.

Should these project categories be approved by City Council with the adoption of the 2015-20 Consolidated Plan, staff will further refine the categories and present specific funding strategies to City Council this Fall for the FY 2016-17 funding program. The only exception to this is for homeless services. The Department recently issued a RFP for homeless services so that agreements with service requirements would be in compliance with new federal requirements for the Emergency Solutions Grants (ESG) Program.

***Proposed FY 2015-16 Annual Action Plan Funding Program***

At the December 16, 2014 City Council meeting, City Council approved staff recommendation to utilize the funding strategy from FY 2014-15 to ensure the continuity of activities prior to the selection of new services and service providers starting in FY 2016-17. (<http://www.sanjoseca.gov/DocumentCenter/View/38291>). The strategy of a transition year was also discussed at the February 12 meeting of the NSE Committee.

The funding program for the FY 2015-16 Annual Action Plan aligns with the goals identified in the Five-Year Plan. As shown in Table 1 below, the City estimates a total of \$14.6 million across the four federal housing and community development funding programs will be expended during the next fiscal year.

**Table 1:  
Estimated FY 2015-16 Federal Housing & Community Development Resources**

Program	FY 2015-16 Allocation	Total Estimated FY 2015-16 Expenditures
CDBG	\$ 8,259,253	\$10,616,466
HOME	\$2,381,725	\$2,381,725
HOPWA	\$866,106	\$866,106
ESG	\$725,731	\$725,731
<b>TOTAL</b>	<b>\$12,232,815</b>	<b>\$14,590,028</b>

Each of the four program budgets include the annual funding allocation from HUD. The CDBG budget includes additional funding from loan repayments (program income) and unused funds from the prior fiscal year. The HOME budget listed in the Draft FY 2015-16 Action Plan includes funds committed to affordable developments, plus future loan repayments.

The federal funds for FY 2015-16 are proposed to be budgeted in projects that align with the 2015-20 goals. The proposed funding program consists of 16 activities composed of five activities to increase and preserve affordable housing, eight activities to strengthen neighborhoods, one activity to promote fair housing, and two activities to respond to homelessness and its impacts on the community (one of the homelessness activities is funded from both the CDBG and ESG programs). Five of the 16 projects qualify as public service activities totaling \$1.31 million. The remaining funding program is allocated to program administration for each of the four federal programs, and for the Section 108 loan repayment. See **Attachment A** for a detailed project list.

Table 2 below summarizes the CDBG program expenditure components.

**Table 2:  
FY 2015-16 CDBG Program Components**

Program Components	Estimated Programming FY 2015-16
FY 2015-16 Public Services	\$1,310,097
FY 2015-16 Administration	\$1,791,850
Section 108 Repayments	\$2,159,737
Community Development/ Capital Projects	\$5,354,782
<b>TOTAL</b>	<b>\$10,616,466</b>

Note that CDBG program regulations require that funding for public services be capped at 15% of the annual allocation (\$8,259,253 for FY 2015-16) plus the prior year's program income (\$500,000 for FY 2014-15). Similarly, the administration cap is 20% of the annual allocation (again, \$8,259,253 for FY 2015-16) plus the expected program income for the coming year (\$700,000 for FY 2015-16). Finally, the City is required to allocate approximately \$2 million annually (\$2,159,737 in FY 2015-16) to repay the federal government for Section 108 loans made to the City's former Redevelopment Agency for business infrastructure development in the downtown. When the loans were executed, CDBG funds were identified as the collateral funding source for this repayment obligation and with the dissolution of the Redevelopment Agency, CDBG will continue to fund the repayment as long as the projected redevelopment tax increment revenues are insufficient to provide funding for the obligation.

In addition to the \$10,616,466 in proposed expenditures, the City has \$6.4 million in CDBG funds that are being reserved for future obligations. These primarily include reserves for future Section 108 Loan repayments and land acquisition for affordable housing development.

Table 3 below depicts the proposed changes in CDBG funding between the 2014-2015 and 2015-2016 Annual Action Plans. As mentioned in the December 16 City Council memo, the proposed Neighborhood Engagement funding provides services providers with grants to transition services from childhood education to neighborhood engagement. These services are more aligned with the Place-Based Neighborhood strategy.

While the Fair Housing Project was fully funded through administration dollars in FY 2014-15, the draft FY 2015-16 Action Plan shifts \$75,000 in funding for Fair Housing from Administration to the Public Services category. By shifting a portion of Fair Housing out of the Administration category, the Housing Department was able to submit a budget proposal to add a Grants Analyst for program administration and monitoring. If approved, the additional analyst will help ensure timely execution of the contracts and payments to the City's non-profit partners. It will also allow the Housing Department to perform more on-site training and monitoring to ensure that grantees account for expenditures in accordance with federal requirements. In addition to the proposed position add, the Department is also proposing to shift funding for their administration positions from the CDBG fund to other various Housing funds. These proposed changes are still being reviewed with the City Manager's Office and any recommended changes will be brought forward as part of the 2015-2016 Proposed Operating Budget. The proposed FY 2015-16 Action Plan also includes a 3% increase for all service providers with existing contracts.

**Table 3:  
Adjustments between the FY 2014-15 and FY 15-16 Annual Action Plans**

Public Services			
Activity	FY 2014-15 Funding	Proposed FY 2015-16 Funding	Change
Fair Housing	\$0	\$86,600	\$86,600
Senior Isolation	\$97,717	\$100,650	\$2,933
Meals on Wheels	\$97,717	\$100,650	\$2,933
Homeless Services	\$872,197	\$872,197	No Change
Neighborhood Engagement	\$288,636	\$150,000	(\$138,636)
<b>TOTAL</b>	<b>\$1,356,267</b>	<b>\$1,310,097</b>	<b>(\$46,170)</b>
Administration			
Activity	FY 2014-15 Funding	Proposed FY 2015-16 Funding	Change
Administration & Monitoring	\$1,386,267	\$1,481,850	\$95,583
Fair Housing	\$385,000	\$310,000	(\$75,000)
<b>TOTAL</b>	<b>\$1,771,267</b>	<b>\$1,791,850</b>	<b>\$20,583</b>

Specific activities proposed to be funded through HOME, HOPWA, and ESG are listed in Attachment A. It should be noted that the City is estimated to receive an estimated \$3.3 million in HOME program income from prior loans. If those funds are received this fiscal year, they will be recommended for funding of a future affordable housing development.

### ***Summary***

The proposed funding priorities for the 2015-20 Consolidated Plan and funding program for the FY 2015-16 Annual Action Plan align with the public input received and analyses performed regarding housing and community development needs. Additionally, the funding program supports multiple City priorities, including increasing and preserving affordable housing opportunities for lower-income households, responding to homelessness, improving the physical infrastructure of neighborhoods for safer streets, connecting and increasing the social capital of our communities, and increasing the health and resilience of our neighborhoods.

### **EVALUATION AND FOLLOW-UP**

Staff will continue to develop the 2015-20 Consolidated Plan and FY 2015-16 Annual Action Plan, with the following next steps:

- April 9, 2015: HCDC public hearing.
- April 21, 2015: First City Council public hearing.
- May 5, 2015: Second and Final City Council public hearing and consideration of Consolidated Plan and Annual Action Plan adoption.
- May 15, 2015: Deadline to submit final plans to HUD.

Additionally, staff will initiate the FY 2016-17 funding process this summer in preparation for next year's FY 2016-17 Annual Action Plan process. An initial proposed timeline is below:

- Summer 2015: Initiate public outreach to seek input on 2016-17 funding strategy.
- Fall 2015: Obtain City Council approval on specific services to fund for FY 2016-17 and issue Request for Proposals for those services.
- Winter 2015: Deadline to apply for grant funding.
- Spring 2016: election of grant recipients and completion of the FY 2016-17 Annual Action Plan.

### **PUBLIC OUTREACH/INTEREST**

As indicated above, the 2015-20 Consolidated Plan process has included multiple public engagement opportunities, a needs survey, and staff presentation to HCDC. Staff will continue the public process as noted in the Evaluation and Follow-Up section.

**COORDINATION**

This memorandum has been coordinated with the City Attorney's Office and the City Manager's Budget Office. Review of the 2015-20 Consolidated Plan and FY 2015-16 Annual Action Plan has been coordinated with the Departments of Transportation and Library, both of whom are grant recipients for the FY 2015-16 fiscal year.

### 2015-20 Housing and Urban Development (HUD) Consolidated Plan Update

April 9, 2015

Dave Bopf & Wayne Chen  
City of San José Department of Housing

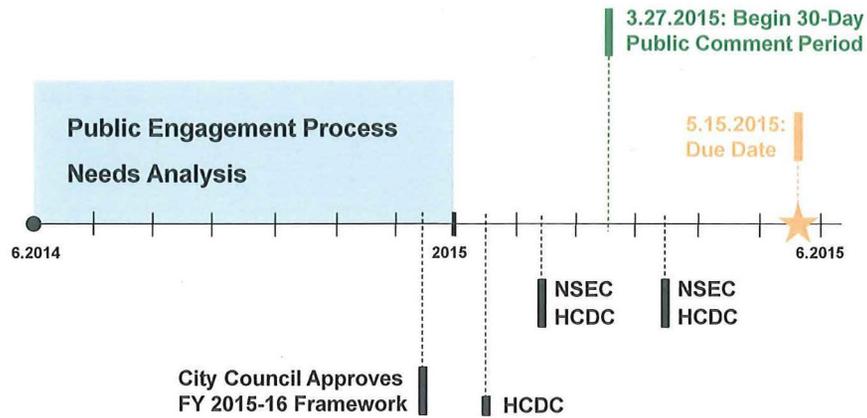

City of San José Department of Housing

## What is the Consolidated Plan?

---

- **Five-year plan**
- **Investment strategy for federal funding programs**
  - Community Development Block Grant (CDBG)
  - HOME Investment Partnership (HOME)
  - Housing Opportunities for Persons with AIDS (HOPWA)
  - Emergency Solutions Grant (ESG)
- **Identifies housing & community development needs**
- **Annual Action Plans**

## Process To-Date

3

## 2015-20 Consolidated Plan Goals

- **Increasing & Preserving Affordable Housing Opportunities**
- **Responding to Homelessness & Its Impacts on the Community**
- **Strengthening Neighborhoods**
- **Promoting Fair Housing**

4

## **2015-20 Consolidated Plan Goals & Projects**

---

### **Increasing & Preserving Affordable Housing Opportunities**

- Development of new affordable rental apartments
- Acquisition/Rehabilitation of affordable rental apartments
- Acquisition/Rehabilitation of affordable homeowner housing
- Rental assistance/Rapid Rehousing for low-income households

5

## **2015-20 Consolidated Plan Goals & Projects**

---

### **Responding to Homelessness & Its Impacts on the Community**

- Housing for homeless families and individuals
- Rental assistance/Rapid rehousing for homeless and at-risk populations
- Street outreach services for unhoused populations
- Homelessness prevention activities

6

## **Consolidated Plan Goals & Project Categories**

---

### **Strengthening Neighborhoods**

- Services for low-income and special needs populations
- Public facility or infrastructure improvements
- Targeted apartment code enforcement
- Homeowner housing rehabilitation
- Job creation/retention

7

## **Consolidated Plan Goals & Project Categories**

---

### **Promoting Fair Housing**

- Outreach, education, testing, enforcement, and technical assistance to ensure equal access to housing.

8

## 2015-16 Annual Action Plan Expenditures

Program	FY 2015-16 Allocation	Proposed Expenditures
CDBG	\$8,259,253	\$10,616,466
HOME	\$2,381,725	\$2,381,725
HOPWA	\$866,106	\$866,106
ESG	\$725,731	\$725,731
<b>TOTAL</b>	<b>\$12,232,815</b>	<b>\$14,590,028</b>

9

## 2015-16 CDBG Program Components

Program Components	Expenditures
Public Service (15% Limit)	\$1,310,097
Administration (20% Limit)	\$1,791,850
Section 108 Loan Repayment	\$2,159,737
Community Development/ Capital Projects	\$5,354,782
<b>TOTAL</b>	<b>\$10,616,466</b>

10

## 2015-16 Annual Action Plan – CDBG Program

Activities	Funding
Senior Isolation to Inclusion	\$100,650
Meals on Wheels	\$100,650
Neighborhood Engagement	\$150,000
Services for Homeless and Unhoused Populations	\$872,197
Fair Housing	\$396,600
Encampment & Place Based Clean Up	\$775,000
Library Facility Improvements	\$295,900
Place Based Street and Infrastructure Enhancements	\$1,430,000
