

Rebuttal to Argument in Favor of Measure C

San Jose allows medical marijuana to be sold to people with health challenges who have a recommendation from a doctor, and there are 16 dispensaries operating legally today.

The advocates for Measure C want more than 400 hundred marijuana dispensaries in San Jose. **That's more than 10 times as many as in Oakland and San Francisco combined!**

They want to "make San Jose the capital of medical marijuana in California." They want to have dispensaries "right next door to residences." That's exactly what they say they want.

Would you want a marijuana dispensary next to your house? Of course not. Then vote NO!

Would you want marijuana sold next to a daycare center or a church? Of course not. Then vote NO!

Would you want marijuana easy for your kids to buy? Of course not. Then vote NO!

Would you want marijuana laced with chemicals to be sold to sick people? Of course not. Then vote NO!

The Mercury News says: "**with Measure C, the marijuana zoning initiative. It's easy. Just say No. Seriously. . . The measure . . . would pretty much restore the chaos that existed when more than 100 clubs sprang up all over town several years ago. . . By the end of last year, 16 had met city requirements to operate. It's the others that want to roll back zoning to pretty much anything goes.**" (www.mercurynews.com/opinion)

Measure C would reduce penalties for selling marijuana to children to a \$100. That's ridiculous! Vote NO!

The undersigned who was authorized to sign the Rebuttal by a signatory to the Argument Against ballot measure C at the June 7, 2016 election for the City of San Jose hereby states that such rebuttal argument is true and correct to the best of my knowledge and belief.
