SUBJECT: PLANNING COMMISSION BYLAWS AMENDMENT; NOTICE OF INTENT TO AMEND
DATE: March 28, 2016

BACKGROUND:

This memorandum serves as the Notice of Intent to amend the Planning Commission Bylaws and explains the proposed amendments and reasons therefor. A redlined version of the Bylaws indicating the proposed changes is attached hereto.

In recent months, the Planning Commission has had several instances where more than one Commissioner has been required by law to abstain from participating in making decisions on items before the Commission because of conflicts of interest.

If adopted by the Commission, the proposed changes to the Planning Commission Bylaws would:

1. Clarify that a Chair Pro Tempore may be appointed by the Commission when both the Chair and Vice Chair are required by law to abstain from participating in the decision-making process; and

2. Address those instances when the Commission is the final decision-maker on an item before it and one of the following occurs:

   a. Two or more Commissioners are required by law to abstain from voting on an item; or

   b. The Commission vote results in a tie.

ANALYSIS:

As indicated in the attached amendment, the following sections of the Bylaws are proposed to be changed for the following reasons:
1. ARTICLE I, SECTIONS 9 AND 10 (pp. 3-4):

   Article I, Sections 9 and 10 currently state that the only reasons the Commission may appoint a Chair Pro Tempore is the absence or disability of the Chair and Vice Chair. The proposed change would add “legally required abstention” as a reason for the appointment of a Chairperson Pro Tempore by the Commission to perform the functions of the Chairperson when both the Chair and Vice Chair are unable to lawfully participate in a meeting or hearing.

2. ARTICLE III, SECTION 7 (pp. 6-7):

   Article III, Section 7 currently states that no action may be taken by the Commission unless four (4) members of the Commission vote to take the action. The only exception to this requirement is the adjournment of a meeting to a specific date and time when there is less than a quorum, which is a restatement of the Brown Act (Government Code section 54955). The proposed amendment renumbers this exception as Section 7(a) and clarifies that the adjournment is of the entire meeting.

   The proposed change would also add the following subsections to Article III, Section 7:

   Section 7(b) would add an exception that is also contained in the Brown Act. The proposed change would authorize the majority of Commissioners present at the hearing of a specific agenda item to continue the hearing when there is less than a quorum of the Commission in attendance (Government Code section 54955.1). This may be necessary if, for example, one or more Commissioners cannot lawfully participate in the hearing on an item leaving less than a quorum of the Commission.

   Section 7(c) would apply when two or more members of the Commission are required by law to abstain from participation on an item. In such a situation where only four or five Commission members may participate, new Section 7(c) would authorize the Commission to take action with three (3) or more affirmative votes so long as there is a quorum of the Commission present.

   Section 7(d) would specify what happens when there is a tie vote of the Commission on items where the Commission is the final decision-maker on appeals of Director’s decisions.

   When a Director’s decision is appealed to the Planning Commission, San Jose Municipal Code section 20.100.270.2 requires the Commission to hear the matter de novo. A de novo hearing means that the Director’s decision is vacated upon the timely filing of the appeal and is of no further force and effect. The Commission must hear testimony and receive evidence anew. Although the Director is required to provide the
Commission with all relevant documents and exhibits from the Director’s hearing on the matter, the Commission must also review the appeal document and any other supporting or opposing documentation provided by the parties in addition to the record provided by the Director. The Commission also hears the testimony of the parties and members of the public at the appeal hearing. San Jose Municipal Code section 20.100.270.3 requires the Commission to make its own findings and decision on the appeal by resolution.

If the vote on a final decision required of the Commission results in a tie, proposed Section 7(d) would require the Commission to continue the hearing to a future date and time in an effort to achieve the minimum required vote to take action. The hearing would be continued to include any absent Commissioners who would break the tie vote, or for any other reason that may assist the Commission in taking action on the item. Proposed Section 7(d) would require the Commission to continue to deliberate until it is clear that the Commission is at impasse. In the event a tie vote cannot be broken, the permit would be deemed denied on appeal. The permit is deemed denied when there is a tie vote because the Commission is unable to make the positive findings required for approval at the de novo appeal hearing.

CONCLUSION

It is recommended that the Planning Commission approve the proposed changes to its Bylaws by adopting the attached amendment to Resolution No. 64-1. The proposed changes will provide guidance to the Commission on voting related issues that have arisen recently. In the event that the Commission desires to review the proposed amendments further, it may continue the item to a future Commission meeting or refer the item to the Bylaws Subcommittee.

In accordance with Bylaws Article VIII, Section 1, this memorandum and the proposed Bylaws amendments have been publicly posted and provided to the Planning Commission no less than two (2) weeks in advance of the April 13, 2016 Planning Commission meeting at which they will be considered. Additionally, Article VIII, Section 1 of the Bylaws requires a two thirds (2/3) vote of the Commission at a regularly scheduled meeting in order to approve the amendments.

(b) Except as may be otherwise required by law for the conduct of a hearing on any particular matter, the technical rules of evidence shall not apply; and as used hereinafter in this Article, the word “evidence” is not used in the limited sense of legally admissible evidence. Any relevant evidence shall be admissible to the Commission.

Section 2. Time of Public Hearings, Continuances

Unless otherwise specifically required by law or order of the Commission, hearings before the Commission on matters which the Commission is required by law to conduct a public hearing include without limitation hearings on:

(1) Variances and Exceptions under Part 11 of Chapter 20.100 of Title 20 of the San Jose Municipal Code;

(2) Conditional Use Permits under Part 6 of said Chapter 20.100; and

(3) Appeal Hearings for site development permits, certain single-family house permits, planned development permits, special use permits, and tree removal permits. All such hearings shall be conducted in the manner described in and pursuant to the provisions of said
Chapter 20.100, in which the Commission exercises original or appellate jurisdiction, as provided for under said Chapter 20.100. These hearing matters shall be set for hearing before the Commission the regular meeting place and time of the Commission.

Starting at the respective times set for hearing, the matters on each of said hearing calendars will be called and heard in the order in which they appear on such calendars until proper disposition has been made of such matters in accordance with law. Subject to the requirements of law, any hearing before the Commission may be continued by the Commission from time to time. In continuing any such hearing, the Commission shall specify the time and place at which the hearing will be continued.

Hearings shall not be interrupted for any other item on the agenda, and all other items on the agenda shall be delayed until proper disposition has been made in accordance with law of all matters on said hearing calendars.

Section 3. Documents and Objects Not to be Submitted Prior to Time of Hearing

Except as otherwise specifically required by law (e.g. petitions for rezoning) no documents or physical objects shall be submitted prior to the time of hearing and any documents or physical objects so submitted shall not be accepted for filing nor considered by the Commission.

Section 4. Allowable Time for Presentation

All persons desiring to speak or make a presentation will be given a reasonable time to do so. As a guideline, applicants and appellants generally may be afforded five (5) minutes to make a presentation and an additional five (5) minutes to present a rebuttal and all other public speakers may be afforded two (2) minutes to present relevant testimony; provided, however, the Chairperson may at any time impose such other reasonable time limits with respect to any presentation, testimony or hearing if the Chairperson finds such action necessary to prevent abuse or to provide all interested persons a fair and reasonable opportunity to be heard. It is urged that all presentations be as brief and concise as reasonably possible, without unnecessary delay or repetition.
Section 5. **Evidence, Testimony, Statements and Arguments Submitted, Presented or Made at Hearing**

(a) Subject to subsection (b) below, any person (including, but not limited to officers or employees of the City), may submit, present, or make at said hearing, any evidence, testimony, statements, or arguments in favor of or against the matter which is being heard. Each person who submits, presents, or makes any such evidence, testimony, or statement may be requested, but shall not be required, to answer questions respecting such evidence, testimony or statements. Responses to questions from a Commissioner will not reduce the time allowed for a speaker’s presentation pursuant to Section 4 above.

(b) In connection with administrative or quasi-judicial hearings conducted by the Planning Commission, the decision of the Planning Commission is to be based upon testimony, evidence and other information received from any person at or in connection with a public hearing or contained in the public record for a public hearing before the Commission. A site visit by an individual Planning Commissioner to generally familiarize that Commissioner with the real property that is the subject of the matter to be considered by the Planning Commission is allowed. If a Planning Commissioner becomes aware of information relevant to a matter coming before the Commission that was not made a part of the public record for that matter before the Commission, the Commissioner shall have a duty to and shall disclose that information to the Planning Commission in the manner described in City Council Policy 0-32: Disclosure of Material Facts and Communications Received During Council Meetings, as the same may be amended from time to time.

Section 6. **Exhibits: Marking and Filing Thereof: Examination Thereof by Members**

(a) All documentary or real evidence which is presented to the Commission at a hearing shall be identified by the person presenting the same and shall be filed by that person with the Commission as an exhibit by submitting the same at such hearing to the Secretary. The Secretary shall mark all such documentary and real evidence submitted to the Secretary as having been filed with the Commission at such hearing and shall designate the same by an appropriate exhibit number or letter. Documentary or real evidence shall not be considered by the Commission unless it is filed with the Commission as above provided.
(b) All documentary or real evidence filed with the Commission at a hearing may be examined by any member of the Commission at any time; provided that members shall not comment on or ask questions about the same except during the hearing, nor discuss the same except during the discussion thereof among the members after the hearing has been closed and the matter stands submitted.

Section 7. Questioning Through Chairperson: By Whom Such Questioning May be Done

(a) Questioning of persons who appear and make a presentation may, with the consent of such persons, but not otherwise, be permitted at the discretion of the Chairperson. Such questioning as may be permitted by the Chairperson, whether by members of the Commission or persons in attendance (including, but not limited to, officers or employees of the City), shall be done only through the Chairperson.

(b) After being requested to complete a speaker card, gaining recognition from the Chairperson and stating one’s name, any person in attendance at the hearing may request permission from the Chairperson to ask questions of any person who has appeared and made a presentation and who has consented to such questioning, and if the Chairperson, at his or her sole discretion, grants that request such person may then ask questions in accordance with and subject to the procedures set forth in this Article.

(c) The Chairperson’s decision on: (a) whether a person may be questioned at all, (b) who may ask questions of that person, (c) the number of questions which may be asked of that person, and (d) whether a particular question may be asked of that person, shall be final; provided that the person being questioned may refuse to answer all or any of the questions asked of him or her.

Section 8. Discussion and Deliberation by Members on Submitted Matters

After the public hearing has been closed and the matter is submitted for decision, the members of the Commission may discuss the matter among themselves. Unless directed by the Commission, no other persons may speak and no further exhibits may be filed. Members of the Commission shall address one another only through the Chairperson. Subject to the requirements of law, the Commission may take under submission for a reasonable period of time any matter which has been heard before it and
may for this purpose, vote to continue its deliberation on such matter from time to time. In continuing such deliberations the Commission shall specify the time and place at which such deliberations will be continued.

Section 9. **Order of Proceedings**

(c) If the matter which is being heard by the Commission is before the Commission on the petition of any person, then in such event such petitioner may, at the discretion of the Chairperson, be permitted to present rebuttal evidence, testimony and statements in response to testimony presented to the Commission at a hearing.
