Dear Neighbor,

You're invited! The City of San José Planning Division would like to invite you to a community meeting about a proposed Rezoning and Conditional Use Permit request from a private property owner/applicant in your area (see attached map). Planning staff will be facilitating the meeting, and the applicant will present their request. The meeting will provide you with an opportunity to learn about the proposal and receive answers to your questions. The City of San Jose is very interested in your input on this proposal and encourages your attendance at this meeting. The Planning Division will consider all comments during our evaluation of the applicant's proposal.

Proposal:

Conventional Rezoning from the CG Commercial General Zoning District to the DC Downtown Core Zoning District and for a Conditional Use Permit to allow the demolition of an existing commercial building and to construct a six story, Residential Service Facility with housing and services for the formerly homeless on a 0.35 gross acre site.

Your participation in the planning process will help us analyze the request and consider the community's input. If you have any questions before the meeting or during the process, please contact:
