Mollie Tobias, Program Manager for The Volunteer Management Unit, will be receiving the **Innovation Award** from NAVPLG, at the National Convention on Volunteering and Service, June 19th, in Seattle, Washington. The "Sunday Series" is a newer program that provides volunteer opportunities, in neighborhood parks, throughout the City of San Jose.

If you want more details:
The VMU manages a weekly, Sunday morning volunteer event that is entitled the "Sunday Series". This is an open-to-all volunteer opportunity that encourages neighbors to come help at their local park. It is a 10 week series, as each week a park is selected from each of the 10 council districts. Park maintenance staff suggest parks that could use a bit more TLC. Tasks include picking up trash, removing weeds, cleaning up picnic areas and washing down park equipment. The volunteers remove suckers from the trees, trim greenery and remove graffiti. All supplies and training are provided, which makes it very convenient for volunteers to simply come out and help!
