2018-2019 Adopted Operating Budget

The Mayor's March Budget Message for Fiscal Year 2018-2019, as approved by City Council on March 20, 2018, contains policy direction and a framework of priorities for the City Manager to use in the development of the Proposed Operating and Capital Budgets. The complete Message can be found in the Appendix section of this document. The table below provides a summary of the central framework provided to the City Manager as direction to prepare proposals for the City Council's budget deliberations in May and to formulate the 2018-2019 Adopted Budget.

building is up to code, setting aside \$250,000 for these improvements. Provide a scope of work which should prioritize the capital improvements necessary, in conjunction with existing funding and matching funding, to help AACSA become a First 5 Center and a Meals Center for the City. Perform a preliminary analysis for long-term, mixed-use redevelopment of the site that includes space for AACSA-provided community services and housing, leveraging private dollars to deliver public benefit.

Project Hope – Continue one-time funding in the next fiscal year.

Domestic Violence – Utilize \$150,000 to implement a pilot program that will offer flexible options for the Housing Department and advocates to offer emergency housing and/or assistance for up to 100 additional families in need. Work with service providers and bring forth an analysis in the June budget process with additional recommendations to address increasing housing or shelter options of a more permanent nature through the anticipated Request for Proposals to be issued to affordable developers this year. Assess the potential impact of other investments, such as staffing in the San José Police Department’s Domestic Violence Unit, police officer training, and community outreach.

Dumpster and Beautification Days – Continue funding for the neighborhood-led dumpster and beautification days – “BeautifySJ Days” – so that each Council Office receives \$18,000 for neighborhood-led and Council Office supported beautification days, including but not limited to dumpster days, community clean-ups, sound wall beautification, and other community-identified projects that can promote a stronger sense of community pride and improve San José’s aesthetics.

Anti-Litter Program Expansion – Add one-time funding of \$125,000 to increase staffing by 2.0 FTEs to on-board additional Community Activity Workers to further support community clean-up efforts, especially on the weekends.

BeautifySJ Grants – Combine one-time funding of \$200,000 with ongoing BeautifySJ grant funding of \$100,000 to further support projects in our neighborhoods. Examine the existing grant contracts distributed to the 71

Resolution

One-time funding for the Fourth of July City Celebrations and Fireworks was provided through the 2017-2018 Transient Occupancy Tax Funded Arts and Cultural Development Grants program (\$80,000) and a contribution from the General Purpose Parking Fund (\$40,000). Corresponding adjustments were brought forward as part of the Memorandum to Approve Various Budget Actions in Fiscal Year 2017-2018 in June 2018. The funds supported the Rotary Club of San José hosted fourth of July fireworks event, Independence Day at Discovery Meadow. The Rotary included some supplemental cultural programming as part of the Fourth of July Fireworks event.

The 2018-2019 Adopted Operating Budget includes ongoing Base Budget funding of \$180,000 to support additional beautification and community-building efforts in each of the City’s ten Council Districts. This funding is included as part of the 2018-2019 Base Budget for Environmental Services Department, which manages this allocation.

The 2018-2019 Adopted Operating Budget includes ongoing funding of \$160,328 for 2.0 Community Activity Workers to support community clean-up efforts, especially on weekends. More detail on this action is provided in the City Departments/Council Appointees section for the Parks, Recreation, and Neighborhood Services Department.

The 2018-2019 Adopted Operating Budget includes one-time funding of \$200,000 to support beautification and community-building efforts in neighborhoods. More detail on this action is provided in the City-Wide Expenses section for

the Neighborhood Services CSA. The Administration will examine the existing grant contracts distributed to the 71 community grants as part of their mid-year reports, and extend the time of the current grant contracts and MOUs to groups that have started their projects by the current grant deadline.

The Department of Transportation will examine the performance of the Blighted Street Medians, Gateways, and Roadside Areas efforts and present recommendations for continuing or expanding the program for 2019-2020 to the City Council in spring of 2019.

The 2018-2019 Adopted Operating Budget includes one-time funding of \$262,114 to continue operations at the Vietnamese American Community Center, including 2.0 Recreation Leader PT, 1.0 Recreation Program Specialist, and 1.0 Senior Recreation Leader positions. As the City continues as the lead operator while partnering with local service providers to build their capacity and enhance services for the community, the Administration will bring forward any additional funding needs during the 2019-2020 budget development process now that use has expanded to the entire Shirakawa Center. More detail on this action is provided in the City Departments/Council Appointees section for the Parks, Recreation, and Neighborhood Services Department.

The 2018-2019 Adopted Operating Budget includes one-time funding of \$100,000 transferred from the General Purpose Parking Fund to the General Fund to address capital repairs and upgrades to the Downtown Ice Rink to keep the event viable and attractive. <p>Deferred Maintenance and Infrastructure Backlog – Analyze options, and return to Council to discuss the following strategies to address infrastructure needs:</p> <ul style="list-style-type: none"> • Bond Measure: Identify roughly \$300 million in critical capital needs that could comprise a bond measure that we could take before the voters in November of 2018. The effort should also include identifying new infrastructure, such as for Fire Station 37, a Charcot pump station, and a Police Academy training facility. Particular priority should be given to those capital investments - such as drip irrigation in our parks, or energy-efficient LED streetlights - that could reduce our ongoing costs. Staff should return with this report in May. • Public Private Partnerships: Where we can leverage private dollars to assist in eliminating large maintenance backlogs, evaluate how we might exploit those opportunities in the near future. For example, a bond-funded rebuild of the Police Administrative Building (an aging building with \$12 million in deferred maintenance) might include structured parking that would enable the City to sell or lease Lot E for private development, paying for much of the new construction, and eliminating the maintenance debt from our books. Similarly, the Center for Performing Arts has \$50 million in unfunded capital needs, but investors have swirled around that site with the possibility of utilizing air rights above it or adjacent space and funding capital improvements in the building. Another energy service contract (ESCO) with a private provider could help reduce our ongoing energy costs. 	<p>The Administration reported back to the City Council on May 22, 2018 and again on June 26, 2018 identifying an excess of \$300 million in critical capital needs that could comprise a November 2018 bond. Initial polling showed optimistic in the areas of transportation, public safety, storm drains, parks, libraries and other urgent infrastructure needs. The Administration performed further polling to refine the scope and amount of the bond measure and reported back in August 2018. After a review of potential options, the City Council approved the placement of a \$650 million General Obligation Bond ballot measure for disaster preparedness, public safety, and infrastructure on the November 2018 ballot. In addition, a \$450 million General Obligation Bond Ballot measure for affordable housing was also approved for placement on the November 2018 ballot.</p> <p>The Administration will also evaluate opportunities to leverage private dollars to assist in eliminating the deferred maintenance backlogs, and intends to report back to the City Council in the fall of 2018.</p>
