

NORTH 1ST STREET LOCAL TRANSIT VILLAGE

Join us in creating the North 1st Street Local Transit Village Plan that will guide future development within this local transit village. The area is envisioned with commercial and residential development.

When. To engage the public and enable input, we're planning a series of community workshop meetings, with the first one on **June 13, 2019**. Each workshop is different. The workshops are designed so that everyone can share their ideas about the future of this area. We look forward to your input at our first workshop!

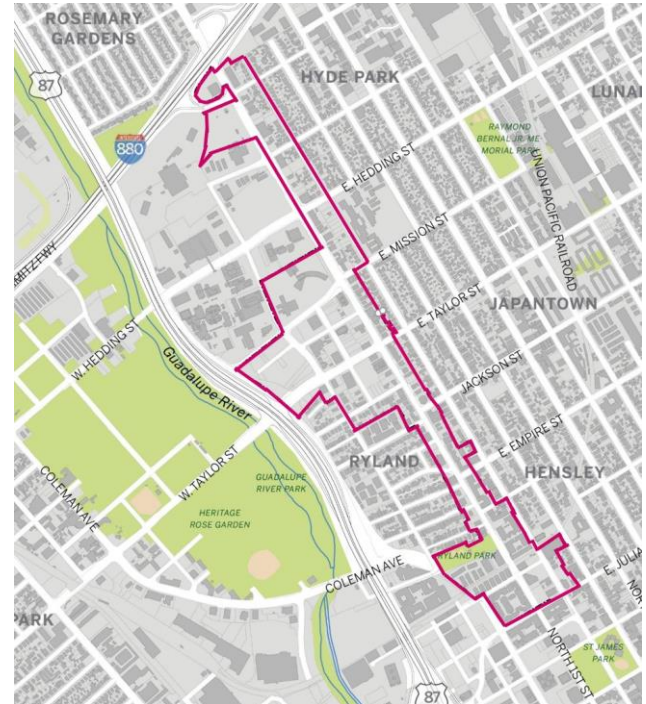

Purpose. The purpose of the first workshop is to identify and discuss the assets and opportunities in this village boundary. These assets and opportunities will be used to create the Vision, which is the overarching concept for the community's preferred future for development and transformation of the corridor.
