

North First Street Main Replacement Project

WHAT

The City of San José's Municipal Water System (Muni Water), is one of three drinking water suppliers in San José. Muni Water will coordinate a potable water pipeline replacement project on **North First Street (Southbound lanes), between Trimble Road and Orchard Parkway**. The new pipeline will improve overall system resiliency.

WHEN

The project will begin **October 2019** with estimated completion of **May 2020**. The construction work will be from 9:00 p.m. to 5:00 a.m. Monday through Friday.

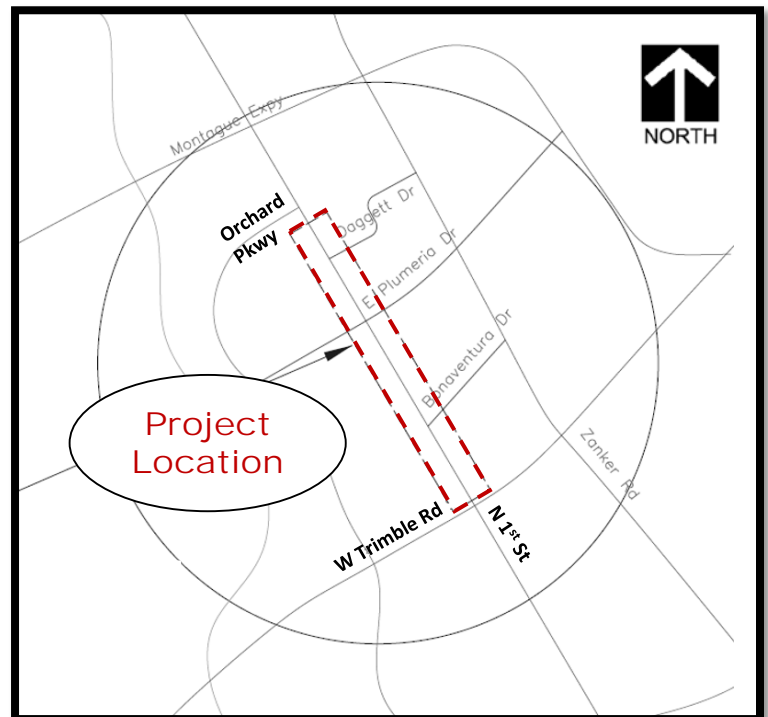

WHAT TO EXPECT

During construction, temporary traffic controls such as lane closures/detours and parking restrictions in and around the project area will be implemented. Normal traffic and parking lanes will be available during non-working hours. The contractor will make every effort to keep dust to a minimum. Please expect an increased level of noise during the construction period.

CONTACT US

If you have any questions or concerns about the construction activities for this project, please contact the San José Municipal Water System office at (408) 277-3671.

San José Municipal Water System thanks you for your patience while we work to improve your water system.
