Industrial Tool Installation Program

***For
Industrial facilities that undergo
frequent tool installation projects
as part of their manufacturing or
R&D operations.***

***For more information, call
Tim Farrant at 408-535-6849***

Expedited Review Program!

Objectives

To assist local companies in remaining competitive by shortening tool installation-to-production cycle time through an improved plan review and inspection process.

Design Review Assistance:

Provide preliminary review meetings for design consultants during the design phase to resolve difficult code interpretations.

Enhanced Inspection Services:

The same ITI team that Reviews the Plans is available to conduct and complete all inspections.

The Guaranteed next day inspection service is available through expedited Inspection Fee program upon request.

[Links to other Applicable Forms](#)

Expedited Plan Review And Inspection

One Start Permit Process:

An Industrial Tool Installation (ITI) team will be assembled from different City Agencies to address all development review issues in a single Expedited review process. Processing fees will be assessed according to Expedited Plan Review fee Schedule.
