Civic and community leaders, including City Councilmembers, representatives from the City Manager's office, Fire Chief Darryl Von Raesfeld and other invited guests will dedicate the new Fire Station #33.

The grand opening is being hosted jointly by the San Jose Fire Department, developer KB Home South Bay, Inc., and MTA Properties, which funded the fire station project as part of their development approvals for Communications Hill.

The approximately 6200 square foot, two-story, two-bay fire station sits on a half-acre site. Building cost was \$4.4 million; Kenneth Rodrigues and Partners were architect of record and Gonsalves and Stronck was the contractor. The new fire engine and equipment costs were approximately \$620,000. Tours will be available after the dedication ceremony as well as a reception at the new fire station.
