**Addendum #1 for RFI ESD,
Alternative Technology Energy Facility**

The purpose of this addendum is to provide the required forms in an editable format and answer questions submitted to the City regarding the RFI.

All other specifications, terms and conditions of this RFI not addressed by this or other formal addenda issued by the City of San Jose are unchanged.

Q1: Are the forms that are required for the response for Parts I, II and III available in an editable format? If so, please forward to me or please send me a link to where I can download them.

A1: The forms are available for download on the ESD website at <http://www.sanjoseca.gov/esd/rfp.asp>.

Q2: Under the Relevant Documentation, I noticed that item No. 2 and item No. 5 are the same document? They both seem to be City of SJ Memo to the Transportation and Environment Committee 9-2007. Can you please correct the link to Item No. 2 it's supposed to be the Resource Management Infrastructure Requirements?

A2: As noted in the RFI on page 12, the Resource Management Infrastructure Requirements is included as Attachment A of the *Zero Waste Goals Memo to the Transportation and Environment Committee*, beginning on page 8.
