

Interagency Collaboration Subcommittee

Meeting Notes

Chair: Supervisor Blanca Alvarado

April 17, 2008: 1:30 pm – 3:00 pm

Attendees: Don Anders (SJPD), Eddie Garcia (SJPD), Judge Tondreau (Superior Court), Delores Nnam (SCC Probation), Chris Schroeder (ESUSH), Bob Nunez (ESUHSD), Albert Balagso (PRNS), Dolores Carr (SCC DA), Mary Greenwood (SCC Public Defender), Sheila Mithcell (SCC Probation), Blanca Alvarado (SCC BOS)

Staff: Melanie Jiménez (Mayor's Office), Mariel Caballero (Supervisor Alvarado's Office), and Angel Rios (PRNS)

The Subcommittee agreed to work on the following issues in order to better address the needs of our kids and emphasized increased prevention efforts.

- Evaluating the service gap from the point of citation or release from detention to adjudication of criminal case, and finding solutions to serve youth who fall into this gap through a jointly funded service center that would provide wrap-around services.
- Taking a more collaborative and regional approach to prevention and intervention, through the automation of the Juvenile Crime Record (JCR) system. This would decrease processing time from citation to adjudication.
- Evaluate whether the RAI needs to be modified to better address the specific crimes trends in our County.
- Develop a plan to re-establish the Neighborhood Accountability Boards/Community Responsibility Councils, on a pilot basis, to incorporate immediate accountability of youth for their actions.

Next Steps:

- A smaller adjunct committee will meet to evaluate the RAI and citation to adjudication service gap, using data from the Probation Department.
- The Probation Department and PRNS will present the committee with information relating to the possible duplication of services being funded through BEST and Probation. The goal is to identify ways to leverage funds to serve more youth and focus on prevention strategies.
- The next meeting of the Interagency Collaboration Subcommittee will meet on May 21st, from 12-1:30 pm at City Hall.
