

City of San Jose Planning Division Map Sales Information

This map sales information sheet provides basic information about the most commonly requested maps prepared by the City of San Jose Planning Division. This information includes the geographic coverage, source, count, size, scale, and cost of maps.

The Planning Division's maps fall into two broad categories: Standard and Custom. Standard maps include: (1) the General Plan Land Use/Transportation Diagram, (2) Zoning maps, and (3) City Council District boundary maps, as described below and as shown on the Maps/Data page of the City's website (<http://www.sanjoseca.gov/planning/data/>). Custom maps, on the other hand, could be of any variety that utilizes geographic data owned and maintained by the City of San Jose.

Most requests for the printing of standard maps by the City of San Jose can be completed within 48 hours. However, please note that large and/or custom map requests may require a longer preparation time. To place a standard map order or discuss a custom map request, please contact the City of San Jose Planning Division at (408) 535-7800.

General Plan Land Use/Transportation Diagram

General Plan Land Use/Transportation Diagram (GP) maps are available either from the City of San Jose (http://www.sanjoseca.gov/planning/gp_maps/default.asp) or from San Jose Blue (<http://www.sjblue.com/>), as specified below. Maps from the City of San Jose may be obtained at San Jose City Hall, 200 E. Santa Clara Street, 3rd floor. Maps from San Jose Blue may be obtained at the 835 W. Julian Street location (see location map, page 2).

Geographic Coverage	Source	Count	Size	Scale	Cost
Citywide	City of San Jose	1	34" x 44"	1"= 4,000'	\$10.00
Council District*	City of San Jose	16	34" x 44"	1"= 1,000'	\$50.00/each
Grid/Panel**	San Jose Blue	63	24" x 34"	1"= 600'	\$26.00/each

*Council District maps are generally one per District, except District 2 (2 sections), District 4 (3 sections), District 8 (3 sections), and District 10 (2 sections).

**Grid/Panel maps consist of a 15,000-foot x 10,000-foot area. To view the grid/panel system, please visit the General Plan Diagram page on the City's website at http://www.sanjoseca.gov/planning/gp_maps/default.asp.

Zoning Maps

Zoning maps are only available from San Jose Blue (<http://www.sjblue.com/>), and may be obtained at the 835 W. Julian Street location (see location map, page 2). Zoning maps are only produced at the grid/panel geographic coverage. To view the grid/panel system, please visit the Zoning Maps page on the City's website at <http://www.sanjoseca.gov/planning/zonemap/default.asp>.

Geographic Coverage	Source	Count	Size	Scale	Cost*
Grid/Panel	San Jose Blue	62	24" x 34"	1"= 600'	\$26.00/each

*Prices subject to change. Please contact San Jose Blue at (408) 295-5770 for current pricing. Volume discounts are provided on entire map set orders.

City Council District Boundary Maps

City Council District boundary maps are only available from the City of San Jose, and may be obtained at San Jose City Hall, 200 E. Santa Clara Street, 3rd floor. While small size maps can be downloaded from the City's website (http://www.sanjoseca.gov/planning/data/council_dist/default.asp), larger maps are available as specified below.

Geographic Coverage	Source	Count	Size	Scale	Cost
Citywide	City of San Jose	1	34" x 44"	1"= 4,000'	\$10.00
Council District	City of San Jose	10	34" x 44"	1"= 1,000' (approx)	\$50.00/each

Custom Maps

Custom maps may be provided upon request, and carry a minimum charge of \$50.00/each depending on the time and complexity involved in map preparation. To discuss a custom map request, please contact the City of San Jose Planning Division at (408) 535-7800.

Digital Data

The digital Geographic Information Systems (GIS) data used by the Planning Division to prepare maps may be obtained free-of-charge. These data are stored in MapInfo (TAB) file format, and have an NAD 1983, California Zone 3, survey feet projection. The City can generally accommodate requests for file type translation. To discuss acquisition of digital data, please contact the City of San Jose Planning Division at (408) 535-7800.
