- * All of the following permits require insurance to be filed with the City's Risk Manager, please see the handout entitled "*Insurance Requirements*" for more information.
- * All of the following permits require a security deposit to guarantee repair and/or replacement of public improvements damaged during work initiated under a permit issued by Development Services. Staff will calculate the amount of the security deposit necessary during the permit review phase.
- * All of the following permits require the payment of cost recovery permit fees, please see the handout entitled "*Public Works Permit Fees*" for more information.
- * All of the following permits require submittal of a plan showing the work proposed.

REVOCABLE ENCROACHMENT PERMIT
 This permit is required whenever temporary use of public right-of-way is requested for private construction work. Typical examples of work include:
 Water monitoring and extraction wells, Soil sampling borings and soil penetration tests, Potholing for utilities, Covered pedestrian walkways, Operating a crane, Installation of privately owned trenches

PRIVATE UTILITY PERMIT
 In the past, utility companies performed all of their own trench construction. However, today utility companies sometimes allow private contractors to construct the trench and install the facilities with the utility company inspecting and accepting the work. This permit is for those situations.
Trench Lengths:
 Arterial Street(s): _____ LF Local Street(s): _____ LF New Street(s): _____ LF

SEWER LATERAL PERMIT
 Construction of connection to existing Sanitary Sewer or Storm Drain main. Construction of any additional public street improvements requires upgrade to 'Minor Improvement Permit' (see below).
Type of street: Arterial Local (circle one) No. of Traffic Lanes: _____

MINOR IMPROVEMENT PERMIT
 Construction of minor street improvements (i.e. sidewalk, repair of curb and gutter, installation / relocation of streetlights, installation of street trees, construction of sewer and storm drain laterals and manholes)
