

The San José-Santa Clara Regional Wastewater Facility's (RWF) Capital Improvement Program (CIP) is rebuilding and modernizing the RWF. The CIP envisions an investment of approximately \$1.5 billion in the first 10 years, with an approximate total investment of \$2.1 billion over 30 years.

The City of San José (City) has consolidated all procurement solicitations to post on BidSync (<https://www.bidsync.com/>). All bid documents, questions and answers, addenda, and results will be available electronically via BidSync during the procurement process. Interested firms must register on BidSync to receive notifications when procurements are posted.

The City plans to advertise the following procurements within the next three months.

### Construction Opportunities

<i>Procurement Name</i>	<i>Description</i>	<i>Anticipated Advertisement*</i>	<i>Construction Estimate**</i>
On-Call Contractor(s)	The City seeks to award one or more construction contracts for urgent or unscheduled repairs to existing RWF infrastructure to facilitate the delivery of CIP projects.	April 2017	To Be Determined

### Design-Build Opportunities

<i>Procurement Name</i>	<i>Description</i>	<i>Anticipated Advertisement*</i>	<i>Construction Estimate**</i>
Request for Qualifications of Design-Build Entities for Headworks Improvements & New Headworks	<p>The Headworks Improvements project will improve the operations and reliability of Headworks 2 and will re-route RWF process flows to allow the decommissioning of Headworks 1.</p> <p>The New Headworks project will replace Headworks 1 with a new headworks and will modify the RWF's existing influent piping and preliminary treatment facilities.</p>	April 2017	\$100 million

### Pre-Qualification Opportunities

<i>Procurement Name</i>	<i>Description</i>	<i>Anticipated Advertisement*</i>	<i>Total Project Estimate**</i>
Request for Qualifications for System Integration Services	The pre-qualified firms may provide programming services to integrate new distributed control systems to the RWF's existing ABB HPC800 environment with an 800xA platform. Firms will need to contract with construction contractors, including design-builders, to provide services.	March 2017	Not Applicable
