

Cottle Zero Net Energy Home
First zero-energy home in
San José and California

THINKING ABOUT HOME RENOVATION?

GET REBATES FOR IMPROVEMENTS

Monday, August 12, 6 PM - 8 PM
Bascom Community Center

1000 S. Bascom Ave., San José, CA 95128

REGISTER ONLINE AT
bit.ly/sjhomer renovation

This is a FREE family-friendly event. Light refreshments will be served.

Join the City of San José and Ann Edminster to learn how to reduce your carbon emissions and improve energy efficiency without sacrificing comfort or style!

Talk to contractors and identify rebates from the City of San José and BayREN Home+ Program for making your home more energy efficient. Eligible improvements include air sealing, heating and cooling equipment, water heater upgrades, and more.

Learn more at sjenvironment.org/zncbuildings

Ann Edminster is a leading international expert on efficient green homes. She led the development of Leadership in Energy and Environmental Design (LEED) for Homes for the U.S. Green Building Council.
