

Stage Announcements

- Every drop counts. Make water conservation a lasting effort.
- Please compost and recycle your plates, cups, and other items in the eco-stations conveniently located throughout the park (or market/festival).
- Help keep San José clean! Please don't litter and if you see litter, pick it up and put it in the trash.
- San José was the first big city in the nation to encourage reusable bags. Keep up the good work and remember your reusable bag when shopping.
- Did you know that San José is the only city in the nation at which waste generated by businesses does not go directly to the landfill; it is sorted to recover as much recyclable material as possible with very little actually going to landfill.

For Plaza de Cesar Chavez events only, add:

- Have a reusable water bottle? Use the refillable water bottle station here in the park!
