Transfer of Surplus Property 5.2.1

PURPOSE

The purpose of this policy is to document the appropriate process for the transfer of surplus City property from City departments to Public Works, the redistribution of surplus items to City departments from Public Works, and to record the transfer in the City’s Inventory System for capitalized items.

For the purpose of this policy, “surplus equipment/property” is defined as any City-owned property that is unused, unwanted or no longer needed by a department, but does not include real estate. City-owned pieces of equipment that may be redistributed include, but are not limited to: file cabinets, tables, chairs, desks, bookcases, credenzas, partitions, other furniture, typewriters, desktop organizers, binders, and other office equipment/supplies. Capitalized City property is defined as any property which costs more than $5,000 at the time of acquisition.

AUTHORITY

City of San Jose Municipal Code (Section 4.16, Part 3)

POLICY

Pursuant to the City of San Jose Municipal Code (Section 4.16, Part 3), the Director or designee of a City department or office may make the determination that any property of the City, under the jurisdiction or control of the department or office, is not needed or suitable for public use. That Department Director or designee may then transfer such property to the Public Works Department as “surplus property”.

The Director of Public Works is authorized pursuant to the City of San Jose Municipal Code (Section 4.16, Part 3) to transfer surplus property to any City department for use exclusively for City business by that department. Any surplus items received by the Public Works Department that are deemed unsuitable for redistribution will be properly disposed (i.e. recycled, discarded, auctioned off, or donated to an authorized non-profit organization). Any computing device containing City data will be disposed in accordance with the Information and Systems Security Policy 1.7.6. Any capitalized property needs to be removed from the City’s Inventory System at the time of transfer.

The use of City surplus property for personal use or gain is a violation of this policy and violators of this policy will be subject to disciplinary action up to and including termination. The removal of surplus property for the purpose of taking personal possession or ownership is strictly prohibited!
