

Certificate of Compliance

For Installation of CPVC Plumbing Materials

(Pursuant to California Plumbing Code Section 604.1.2)

To: Chief Building Official:

I am an Owner-Builder or am licensed by the State of California as a Plumbing Contractor and seek a building permit for residential construction which involves the installation of CPVC plumbing materials as provided for under California Plumbing Code (CPC) section 604.1.2. The Building Official has pre-approved the use of CPVC piping in San Jose under Section (a). Pursuant to CPC sections 604.1.2 (e),(f), & (g), I hereby certify that:

- I, as an Owner-Builder, my employees and any subcontractors, or**
- As a Licensed Contractor, my employees, and any subcontractors, that:**

- We are aware of the health and safety hazards* associated with CPVC plumbing installations, and the solvents used for such installations.
- Our Illness and Injury Prevention Plan and its worker safety training elements include the hazards associated with CPVC plumbing pipe installations, and it meets the Department of Industrial Relation's guidelines; and
- We will comply with the flushing procedures and worker safety measures [for gloving and ventilation] set forth in Section 301.0 of Appendix I of the California Plumbing Code: Installation Standard for CPVC Solvent Cemented Hot and Cold Water Distribution Systems, IAPMO IS 20-98.

I also certify that:

- The UPC/IAPMO approved CPVC piping material and solvent manufacturer's Installation Instructions will be posted at the jobsite during installation and will be available for Inspection.
- We will maintain the required grounding and bonding required by 2004 California Electrical Code Section 250.52, 250.104 (a) and (b) and receptacle, equipment, and circuit grounding required by 250.130 and 250.52(A)(1) if we are replacing a metallic system.
