

# TABLE EXERCISE

---

*Purpose: To share ideas about the assets and opportunities within or nearby the village boundary. Assets are places, buildings, and environments that are prized within the community. Opportunities are areas of improvement. These assets and opportunities will be used to help create the Vision for this Village. The Vision will be the overarching concept for the community's preferred future for development and transformation of the corridor.*

## Identification of Assets:

1. What businesses enhance this neighborhood?
2. Are there are buildings that should be preserved?
3. What services do you like most in your neighborhood?
4. Aside from physical characteristics, are there are other assets in the community? For example: community groups, good neighbors, good schools, etc.

## Identification of Opportunities:

1. What should change for the better?
2. Are there properties that could be better utilized?
3. Are there areas that could be made more comfortable for walking or bicycling? Or areas that could be improved to better connect the assets with the planned future growth?

## Future Vision for North 1<sup>st</sup>:

1. What would you like to see in this neighborhood in 15-20 years?
2. How would you like to get around? Car, transit, biking, walking?
3. What types of services/businesses would you like to see in this neighborhood?
4. What other neighborhoods do you like? What do you like about these neighborhoods?
