[External Email]

GROWTH HORIZONS: Paragraph 4, page 5 of the Task Force Meeting Overview Memo Item #4 discusses an “expedited planning process” for Urban Village plan adoption by developing shorter Urban Village Plan documents by relying on Citywide objective design standards for the Plan. The paragraph also includes a staff recommended “consolidated planning effort” for many of the small Urban Villages.

Question # 1: What is/are the difference(s) between the “expedited planning process” and the “consolidated planning effort”?

Question # 2: Additionally under Item #5 the memo includes a series of 9 Urban Villages staff recommends to move to Horizon 1 (if Horizons are not eliminated). Would the 9 Urban Villages listed qualify for the “Expedited Planning Process” or the “Consolidated Planning Effort”

Thank you for clarifications.
