Dear Envision San Jose 2040 Task Force and City of San Jose staff,

I request that you designate two areas as Urban Villages. The first area is at Story Road and Capitol Expressway. The second area is at Story Road and White Road. This coupled with the long overdue VTA light rail extension to Eastridge will help East San Jose get closer to equity with other areas of the city. East San Jose deserves no less. Please distribute my request to the Envision San Jose 2040 Task Force.

Abel Martinez  
95127

Dear Envision San Jose 2040 Task Force and City of San Jose staff,

I request that you designate two areas as Urban Villages. The first area is at Story Road and Capitol Expressway. The second area is at Story Road and White Road. This coupled with the long overdue VTA light rail extension to Eastridge will help East San Jose get closer to equity with other areas of the city. East San Jose deserves no less. Please distribute my request to the Envision San Jose 2040 Task Force.

Dear Envision San Jose 2040 Task Force and City of San Jose staff,

I request that you designate two areas as Urban Villages. The first area is at Story Road and Capitol Expressway. The second area is at Story Road and White Road. This coupled with the long overdue VTA light rail extension to Eastridge will help East San Jose get closer to equity with other areas of the city. East San Jose deserves no less. Please distribute my request to the Envision San Jose 2040 Task Force.

Laurie MartinezBaja

Dear Envision San Jose 2040 Task Force and City of San Jose staff,

I request that you designate two areas as Urban Villages. The first area is at Story Road and Capitol Expressway. The second area is at Story Road and White Road. This coupled with the long overdue VTA light rail extension to Eastridge will help East San Jose get closer to equity with other areas of the city. East San Jose deserves no less. Please distribute my request to the Envision San Jose 2040 Task Force.

Tanya Freudenberger  
95140
