Dear Members of the San Jose General Plan Task Force,

Please protect Coyote Valley by recommending amendments that will change the General Plan's designation for all of Coyote Valley from industrial development to agriculture, wildlife habitat and open space.

We really need to put aside land for wildlife, farming and recreation. What will our area look like if its all industrial buildings? Our treasure will be lost FOREVER.

Coyote Valley is unique in its importance for wildlife habitat and connectivity, flood protection and groundwater, and resilience to the impacts of climate change. In recognition of these values, San Jose City Council voted unanimously in 2019 in favor of a new vision for Coyote Valley's future, a vision that embraces nature and green infrastructure.

Please don't allow this unique landscape to be destroyed for warehouses or other industrial development. Please protect Coyote Valley!
