[External Email]

Dear Members of the San Jose General Plan Task force,

Please choose a future for Coyote Valley as a natural landscape providing recreation, aquifer protection and wildlife habitat. The growing population of San Jose and the peninsula needs these natural landscapes, not industrial development. I am a birdwatcher and daily walker and I rely on open space so I can connect with the world not created by humans. Please prioritize the flora, fauna and the natural resources of Coyote Valley. We need it so badly.

Sincerely,

Patti Allen Colevas
Palo Alto
