Approved  Date 5/24/2022

---

## RECOMMENDATION

That the following recommendation be enacted.

### Proposal

Program/Project Title: Wrought iron fencing along Lincoln Avenue and Highway 280

Amount of City Funding Required: \$

This change is:

One-time       Ongoing

Cost Estimate Number (if applicable): \$99,000.00 one-time, \$4,000.00 ongoing

Proposal Description, including the reason for the need and anticipated outcomes (Please describe how the proposal will affect services for San José residents, community groups, businesses, etc.):

We propose to cost share with Caltrans to build a high-quality, wrought iron fence with prongs to discourage unhoused persons from using the area on the embankment next to the freeway. This is to address safety issues with visiting children to the historic Roberto Adobe and Sunol House next door. It is also a concern with unhoused campfires that it could damage or destroy the second oldest Adobe home/structure in the City of San Jose.

### Funding Source

X Essential Services Reserve:

Other (Please specify program/project/fund):

**Department or Organization Contact**

Please list the contact information for the individual that certified cost estimates contained within your recommendation:
