PREVAILING WAGES

Attention is called to the fact that State of California Prevailing Wage Rate requirements apply to this project. Copies of the General Prevailing Wage Determinations made by the California Director of Industrial Relations (DIR) are available at the Office of Equality Assurance, located at 200 East Santa Clara Street - Fifth Floor, San José CA, 95113. All questions regarding prevailing wage requirements are to be directed to the Office of Equality Assurance at (408) 535-8430.

Public works apprenticeship requirements (California Labor Code 1777.5) apply to this project. Compliance forms required by general and subcontractors are as follow:

DAS 140: Must be completed within 10 days of the contract being awarded. One form is sent to the Apprenticeship Committee for each union craft.

DAS 142: Contractor may use own form or letter with the same information, but a written request is the only way to prove you are following the rules. The California Code of Regulations [Title 8, § 230.1 (a)] states that a contractor will not be considered to be in violation if apprentices are not dispatched within 72 hours of a written request (excluding Saturdays, Sundays, and holidays).

Apprentices must be registered with a certified apprentice program.

Alternate workweek schedules that allow employees to work more than eight (8) hours per day without overtime pay are not permitted on public works construction contracts. Please see attached DIR May 10, 2007 IMPORTANT NOTICE TO AWARDING BODIES AND INTERESTED PARTIES REGARDING OVERTIME ON PUBLIC WORKS.

The CZF is to be included on the contractors’ certified payroll reports under the Travel & subsistence column. Failure to pay the CZF will result in a prevailing wage violation requiring the contractor to make restitution to the affected worker(s). Additionally, liquidated damages will be assessed.

IMPORTANT NOTICE
TO AWARDING BODIES AND INTERESTED PARTIES
REGARDING OVERTIME ON PUBLIC WORKS

The Department has received several inquiries regarding whether it would be appropriate to refer to the contract provisions for a craft, classification, or type of worker in cases where the prevailing wage is based on a collective bargaining agreement to determine the overtime requirements for public works.

Contract provisions that allow for employees to work alternative workweek schedules in which they may work more than 8 hours per day without overtime pay do not apply to work performed on public works. The laws and regulations governing prevailing wages require that employees of contractors on public works be paid not less than 1-1/2 times the basic rate of pay for all hours worked in excess of 8 hours per day and 40 hours during any one week. In addition, overtime compensation may be required at a higher rate than 1-1/2 times the basic rate of pay, for less than 40 hours in a standard workweek, or for less than 8 hours in a calendar workday as specified in the prevailing wage determination. Contractors are required to pay overtime pursuant to Labor Code sections 1810-1815 and as indicated in the prevailing wage determination. Therefore, please refer to Labor Code sections 1810-1815 and the prevailing wage determination and not the contract provisions for each particular craft, classification, or type of worker to obtain the applicable requirements for overtime hours and rates of pay.

SUMMARY OF IMPORTANT NOTICES CONCERNING BURGLAR ALARM AND FIRE ALARM INSTALLATION

Dear Public Officials/Other Interested Parties:

The Department has issued several important notices between June 27, 2002, and October 27, 2015, specifying the prevailing rate of pay for the installation of burglar and fire alarms. The tables on the following two pages provide a summary of the applicable rates of pay for burglar and fire alarm installation by county as of September 23, 2016. The information in these tables summarizes but does not alter the applicable rates of pay issued in the aforementioned important notices.

Please note that minimum rate of pay determinations are issued on a “project-by-project basis.” If you have a public works project in one of the counties listed in the tables that indicates “project-by-project basis,” you may request a minimum rate of pay determination prior to the bid advertisement date of the project by sending a written request to the address below. Each request should include all the relevant documents that would assist the Department in issuing a determination. These documents include but are not limited to the contract, financial documents, plans, specifications, as well as contact information for the Awarding Body.

Please refer to the county determinations to find the rates associated with the craft(s)/classification(s) referenced in the tables. The scope of work for each classification is posted on the Internet at http://www.dir.ca.gov/oprl/DPreWageDetermination.htm. This information may also be requested from the Office of the Director – Research Unit by calling (415) 703-4774, by faxing a request to (415) 703-4771 or by writing to:
